

FIND \$10 MILLION IN 10 DAYS

Most companies with 1,000 software developers or more throw away at least \$10M every year. Planview can help you get it back.

Using your existing data, we uncover hidden productivity blockers that cost you millions and slow you down.

Interested?

Within 10 Days*, Planview Viz® Uncovers:

- Impact of software delivery investment
- Hidden process bottlenecks
- Untapped team capacity
- Best bets to minimize delivery risk

*Requires Jira Cloud

Our Experts Provide:

- Detailed process waste analysis
- Personalized productivity recommendations
- Actionable plan based on over 10+ years of experience

Planview Shows You How To:

- Increase efficiency and productivity
- Align delivery to strategic outcomes
- Speed up time-to-market

Results:

Participants have increased feature delivery by an average of 38% without adding any additional capacity or costs.
